

COMPLETE STAIR SYSTEMS

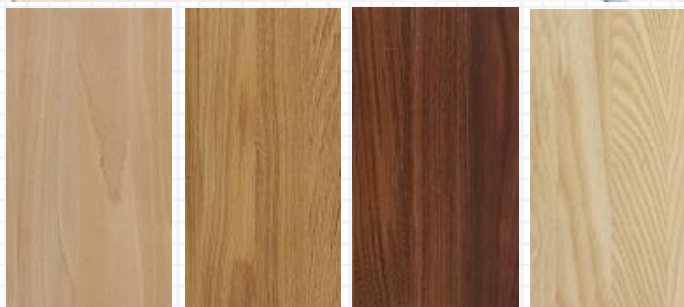

MODEL 500 STRAIGHT FLIGHT STAIRCASE

Our model 500 custom made modular staircase is constructed steel stringers to either side of the treads. The 10mm thick stringers are formed in various shapes and powder coated (to any RAL colour) or supplied in stainless steel.

The treads are in timber (with beech and oak most popular) and the balustrade consists of 17.5mm laminated glass bolted with clamps to the side of the stair. A handrail in stainless steel or timber can be placed on the top of the glass.

The **Model 500** staircase can also be supplied as a quarter or half turn staircase.

The stair can be constructed with in any hardwood with those shown on the left the most popular. We have a full flight 500 in our showroom in Romsey, so call 01794 522444 to book an appointment to view.
